PREFACE.

THIS volume is issued under the orders contained in the Punjab Government, Home Department, letter No. 434, dated the 6th March 1912. The lines on which the revision of District Gazetteers is to be undertaken are laid down in the Government of India, Home Department, letter No. 3375, dated 1st October 1902, and are as follows :—

" The chief difficulty which stands in the way of the periodical revision of the existing Gazetteers, and that reason which has caused so large a portion of their contents to become obsolete, is that they contain a mixture of permanent matter, such as that relating to the history, physical characteristics, religion, ethnography, &c., of the district; of matter which changes gradually but, as a rule, slowly, such as that dealing with the agricultural and economic conditions and of ephemeral matter, mainly statistical, which soon becomes out of date. For this reason, when a new District Gazetteer is issued it should consist of two volumes, A and B, compiled on the following lines :—

" (1) In the first edition all descriptive matter should go into the A volume ; but the volume should contain only such general figures (incorporated in the letter-press) as are necessary to give point to remarks in the text. . . . All detailed statistics should be relegated to the B volume, which would, at first, consist only of these and of such notes as may be necessary to elucidate them.

" (2) On the occasion of the next revision the statistics in the B volume should be re-compiled, and this volume should be expanded by adding to it any matter that might be required to correct or supplement the A volume. Thus if there had been a famine since A was published, if a new railway had been opened, and so forth, information on these points would appear in B as supplementary to the appropriate chapters in A.

" (3) This process would go on till the time had come for revising the A volume. Then all the supplementary text matter should be incorporated in the new A volume, and B would revert to its original form as a statistical appendix with explanatory notes.

" (4) A new edition of the B volume should be brought out after each census. The revision of the A volume must be left to the discretion of the Local Governments. The occurrence of a new settlement will ordinarily be the best time for such revision*;

* In the Punjab the Settlement Officer is generally entrusted with the revision of the District Gazetteer, and this plan is commended for adoption in other Provinces.

but it may well happen that plenty of copies of the original A volume are still available, and that the settlement and lapse of time have not wrought any important change in the conditions of the district. In that case the revision of A should stand over till the stock of it no longer suffices for the demand; but a brief account of the settlement operations and of the changes which they have produced or disclosed in the state of affairs described in the A volume, should be prepared by the Settlement Officer before he is relieved of his duties for inclusion in the next decennial B volume.

"(5) The statistical part of the B volume should be issued with interleaved blank pages, so that those who use it can have the figures of later years written in. The tables included in the B volume should be drawn up on uniform lines, and should contain the main administrative statistics of the district and its tahsils or other sub-divisions. . . . It is thought that including the explanatory notes they should not ordinarily exceed a a maximum limit of 50 pages."

Instead of issuing the tables with interleaved blank pages as suggested in para. (5) above, it has been found convenient to print the tables themselves with blank spaces in which to insert the figures of future years. The pages occupied by the statistical matter thus include the space which in the original scheme would have been appropriated by the interleaved pages, and consequently are somewhat in excess of the maximum fixed in para. (5).

INDEX TO STATISTICAL TABLES.

Table No.	Subject.	Page.
	CHAPTER I.—DESCRIPTIVE.	
	SECTION A.—PHYSICAL ASPECTS INCLUDING METEOROLOGY.	
1	Development	ii
2	Temperature	iv
3	Annual Rainfall	v
4	Monthly Rainfall	vi
5	Rainfall at Nizamat Head-quarters	viii
	SECTION C.—POPULATION.	
6	Distribution of Population	x
7	Population of Towns	xii
8	Migration	xvi
9	Immigration by Caste	xx

PATIALA.

Matter supplementary to Punjab States Gazetteer, Volume XVII A, Phulkian States, 1904 (*vide* Government of India, Home Department, letter No. 3375, dated 1st October 1902).

HISTORY—(see page 51, Volume XVII A, 1904).

The present Maharaja Sir Bhupindra Singh was invested with ruling powers by His Excellency the Viceroy at Patiala on 3rd November 1910 and received the G.C.I.E., at the Delhi Darbar of 1911, which he attended, being granted a personal visit to His Majesty.

At the State Entry of His Excellency the Viceroy into Delhi on December 23rd, 1912, he headed the procession of Punjab Chiefs and was present at the Darbar. His heir, the Tikka Sahib, was born on January 7th, 1913.

REMARKS. (32)

* The figures from 1901-02 to 1905-06 show only irrigation from canals, figures for well irrigation not available.

†Entries in columns 2 to 4 are those given in Table No. 39 and are without cesses and inams, etc., whereas those in columns 5 to 11 include certain cesses, assignments, as well as fluctuating assessments.

‡Civil station roads which were included up to column 11 have now been omitted.

PREFACE.

THIS volume is issued under the orders contained in the Punjab Government, Home Department, letter No. 434, dated the 6th March 1912. The lines on which the revision of District Gazetteers is to be undertaken are laid down in the Government of India, Home Department, letter No. 3375, dated 1st October 1902, and are as follows:—

"The chief difficulty which stands in the way of the periodical revision of the existing Gazetteers, and that reason which has caused so large a portion of their contents to become obsolete, is that they contain a mixture of permanent matter, such as that relating to the history, physical characteristics, religion, ethnography, &c., of the district; of matter which changes gradually but, as a rule, slowly, such as that dealing with the agricultural and economic conditions and of ephemeral matter, mainly statistical, which soon becomes out of date. For this reason, when a new District Gazetteer is issued it should consist of two volumes, A and B, compiled on the following lines:—

"(1) In the first edition all descriptive matter should go into the A volume; but the volume should contain only such general figures (incorporated in the letter-press) as are necessary to give point to remarks in the text. . . . All detailed statistics should be relegated to the B volume, which would, at first, consist only of these and of such notes as may be necessary to elucidate them.

"(2) On the occasion of the next revision the statistics in the B volume should be re-compiled, and this volume should be expanded by adding to it any matter that might be required to correct or supplement the A volume. Thus if there had been a famine since A was published, if a new railway had been opened, and so forth, information on these points would appear in B as supplementary to the appropriate chapters in A.

"(3) This process would go on till the time had come for revising the A volume. Then all the supplementary text matter should be incorporated in the new A volume, and B would revert to its original form as a statistical appendix with explanatory notes.

"(4) A new edition of the B volume should be brought out after each census. The revision of the A volume must be left to the discretion of the Local Governments. The occurrence of a new settlement will ordinarily be the best time for such revision*;

* In the Punjab the Settlement Officer is generally entrusted with the revision of the District Gazetteer, and this plan is commended for adoption in other Provinces.

but it may well happen that plenty of copies of the original A volume are still available, and that the settlement and lapse of time have not wrought any important change in the conditions of the district. In that case the revision of A should stand over till the stock of it no longer suffices for the demand ; but a brief account of the settlement operations and of the changes which they have produced or disclosed in the state of affairs described in the A volume, should be prepared by the Settlement Officer before he is relieved of his duties for inclusion in the next decennial B volume.

" (5) The statistical part of the B volume should be issued with interleaved blank pages, so that those who use it can have the figures of later years written in. The tables included in the B volume should be drawn up on uniform lines, and should contain the main administrative statistics of the district and its tahsils or other sub-divisions. . . . It is thought that including the explanatory notes they should not ordinarily exceed a a maximum limit of 50 pages."

Instead of issuing the tables with interleaved blank pages as suggested in para. (5) above, it has been found convenient to print the tables themselves with blank spaces in which to insert the figures of future years. The pages occupied by the statistical matter thus include the space which in the original scheme would have been appropriated by the interleaved pages, and consequently are somewhat in excess of the maximum fixed in para. (5).

JIND.

Matter supplementary to Punjab States Gazetteer, Volume XVII A, Phulkian States, 1904 (*vide* Government of India, Home Department, letter No. 3375, dated 1st October 1902).

HISTORY—(see page 218, Volume XVII A, 1904).

The present Chief Maharaja Sir Ranbir Singh received the K.C.S.I. on January 1st, 1909, and at the Royal Delhi Darbar in December 1911 was accorded a personal interview with His Majesty.

The title of 'Maharaja' was granted to him and his successors in perpetuity on the same occasion. He took part in the ceremonies connected with the State Entry of His Excellency the Viceroy into Delhi on December 23rd, 1912.

LEADING FAMILIES—(see page 251, Volume XVII A, 1904).

The Badrukhan Family.

S. Shamsher Singh died in 1906, leaving three minor sons and one daughter. The last named was married to Maharaja Rana Odebhan Singh, Chief of Dholpur, in June 1911, and the sons are being educated at the Aitchison College, Lahore. The estate is managed by the Court of Wards.

The Family of Chaudhri Jharu.

Chaudhri Kapur Singh died in 1907, leaving two minor sons. The estate has since been administered by the Court of Wards.

RAILWAYS—(see page 295, Volume XVII A, 1904).

A new line from Jind to Panipat has been surveyed and sanctioned. It will pass through nearly 29 miles of State territory in the Jind Tahsil and will cost the State some 15 lakhs of rupees.

GENERAL ADMINISTRATION—(see page 305, Volume XVII A, 1904).

A third Nizamat—that of Dadri—was created in 1904. The Council Wizarat was substituted for the Sadar Ala in 1909 and consists of 4 Ministers, the Chief Minister being Sardar Bahadur Sardar Shamsher Singh, C.I.E. The administration has been enlightened and progressive in many directions.

	Expenditure			

NOTE.—The Municipal system is not carried on in the State as in the British territory. Octroi-income and Expenditure are shown in this table. Opening balance is not returned in the State Administration Reports, because it is credited to the State treasury every year.

NOTE.—The grain markets of Sangrur (Ranbir Gunj) and Julana, Jind District are exempted from Octroi on grain and certain other articles of export, only a small tax of annas 4 per hundred Rupees of price is recovered. In Dadri the Octroi rate is reduced to half on certain articles of export and in Sangrur town itself the Octroi is charged at a reduced rate on piece goods, silken and embroidery articles and the coal is free from Octroi.

PREFACE.

THIS volume is issued under the orders contained in the Punjab Government, Home Department, letter No. 434, dated the 6th March 1912. The lines on which the revision of District Gazetteers is to be undertaken are laid down in the Government of India, Home Department, letter No. 3375, dated 1st October 1902, and are as follows:—

"The chief difficulty which stands in the way of the periodical revision of the existing Gazetteers, and that reason which has caused so large a portion of their contents to become obsolete, is that they contain a mixture of permanent matter, such as that relating to the history, physical characteristics, religion, ethnography, &c., of the district; of matter which changes gradually but, as a rule, slowly, such as that dealing with the agricultural and economic conditions and of ephemeral matter, mainly statistical, which soon becomes out of date. For this reason, when a new District Gazetteer is issued it should consist of two volumes, A and B, compiled on the following lines:—

"(1) In the first edition all descriptive matter should go into the A volume; but the volume should contain only such general figures (incorporated in the letter-press) as are necessary to give point to remarks in the text. . . . All detailed statistics should be relegated to the B volume, which would, at first, consist only of these and of such notes as may be necessary to elucidate them.

"(2) On the occasion of the next revision the statistics in the B volume should be re-compiled, and this volume should be expanded by adding to it any matter that might be required to correct or supplement the A volume. Thus if there had been a famine since A was published, if a new railway had been opened, and so forth, information on these points would appear in B as supplementary to the appropriate chapters in A.

"(3) This process would go on till the time had come for revising the A volume. Then all the supplementary text matter should be incorporated in the new A volume, and B would revert to its original form as a statistical appendix with explanatory notes.

"(4) A new edition of the B volume should be brought out after each census. The revision of the A volume must be left to the discretion of the Local Governments. The occurrence of a new settlement will ordinarily be the best time for such revision*;

* In the Punjab the Settlement Officer is generally entrusted with the revision of the District Gazetteer, and this plan is commended for adoption in other Provinces.

but it may well happen that plenty of copies of the original A volume are still available, and that the settlement and lapse of time have not wrought any important change in the conditions of the district. In that case the revision of A should stand over till the stock of it no longer suffices for the demand; but a brief account of the settlement operations and of the changes which they have produced or disclosed in the state of affairs described in the A volume, should be prepared by the Settlement Officer before he is relieved of his duties for inclusion in the next decennial B volume.

"(5) The statistical part of the B volume should be issued with interleaved blank pages, so that those who use it can have the figures of later years written in. The tables included in the B volume should be drawn up on uniform lines, and should contain the main administrative statistics of the district and its tahsils or other sub-divisions. . . . It is thought that including the explanatory notes they should not ordinarily exceed a a maximum limit of 50 pages."

Instead of issuing the tables with interleaved blank pages as suggested in para. (5) above, it has been found convenient to print the tables themselves with blank spaces in which to insert the figures of future years. The pages occupied by the statistical matter thus include the space which in the original scheme would have been appropriated by the interleaved pages, and consequently are somewhat in excess of the maximum fixed in para. (5).

INDEX TO STATISTICAL TABLES.

Table No.	Subject.	Page.

NABHA.

Matter supplementary to Punjab States Gazetteer, Volume XVII A, Phulkian States, 1904 (*vide* Government of India, Home Department, letter No. 3375, dated 1st October 1902).

HISTORY—(see page 343, Volume XVII A, 1904).

Maharaja Sir Hira Singh, G.C.S.I., G.C.I.E., died on Christmas Day 1911 having lived to be present at the Delhi Darbar and to enjoy a personal interview with His Majesty.

The title of 'Maharaja' was conferred on him and his successors in perpetuity on that occasion.

He was succeeded by his son Maharaja Ripudaman Singh who was invested with ruling powers at a Darbar held at Nabha on December 20th, 1912.

TABLE 29.—WITH REST-HOUSES, SIX MILES WITHIN THE BOUNDARY OF THE STATE.

	Department to which the Rest-house belongs.	Name of place.	Number of rest-houses.	Accommodation.
1	2	3	4	5
1	Niabat Dewani ...	Nabha ...	6	The rest-houses or serais which are with brick walls, consist of 10 rooms respectively. There is a proper arrangement for water. (1) The serai towards the Daladdiwala Gate consists of 11 rooms which are on lease. The arrangement for water and bed-steads is proper. (2) The serai towards the Patiala wala Gate consists of 6 rooms which are occupied by tenants. There is no accommodation for travellers. (3) The serai near the Railway station consists of 16 rooms surrounding a large square in the middle.
2	Nizamat Phul ...	Dhanaula...	1	There are 15 large rooms in this serai.
3	Nizamat Amloh ...	Amloh ...	1	This serai is with brick walls and consists of 11 rooms, 10 of which are used as residential quarters and the remaining one is used as a cattle-ward.
4	Ditto ...	Bhadson ...	1	This serai has 6 rooms of different sizes and the same number of chaubaras on the upper storey. The walls of this serai were of mud ; now they are of brick.
5	Nizamat Bawal ...	Bawal ...	4	One of the serais is with brick walls and the remaining three are with mud walls.
6	Ditto ...	Kanina ...	1	An old serai with mud walls.
7	Ditto ...	Kanti ...	1	
8	Ditto ...	Chandpura...	1	
9	Ditto ...	Roothigarhi	1	This serai has been built with brick walls.
